Dear Representatives:

I visited each of your offices this summer to say hello and was sorry that I did not catch each of you there. I am glad that you are busy looking after our affairs.

I have a request to make of each of you. Please do not pass the "a la carte law" where only consumers who specifically order and pay for the channels with religious programming. First of all, that would mean that people who may be seeking what the Lord has to say to them may not get to hear it.

The second reason is that those of us who are on a limited income cannot afford to pay more money for anything else. My husband and I receive less than \$16,000 a year. We just got a bill to pay over \$600 in house and property taxes for our home in a small rural Texas town, population 969. I really look forward to hearing and seeing TBN and the Inspirational Channels.

Please strike down that bill.

Thank you very much.
